**Powering your business with Renewable energy?**

Your customers want **proof.**
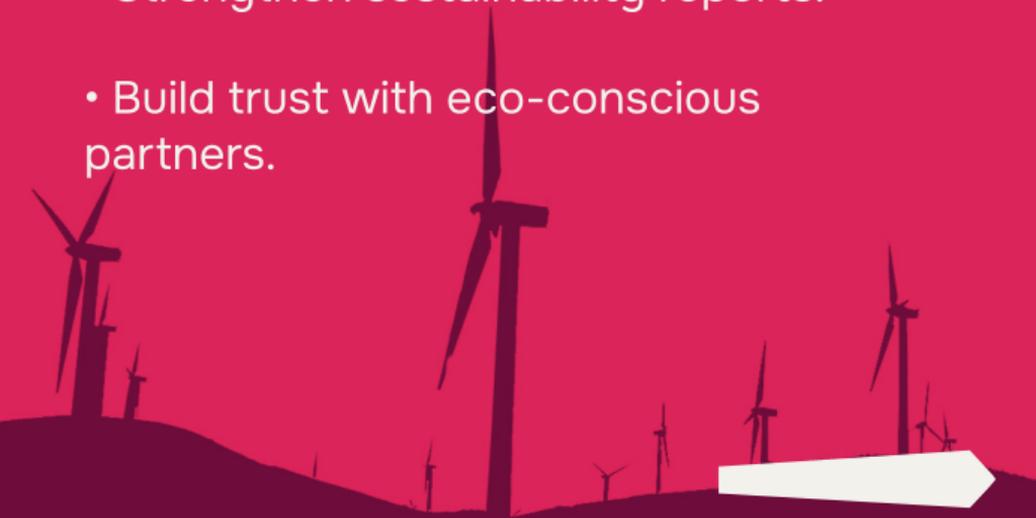

That proof has a name.

REGO

Renewable **E**nergy **G**uarantees of Origin

Ofgem gives out one REGO certificate for every 1,000 units (or 1 MWh) of renewable energy a provider generates. This REGO certificate is proof that the energy you're receiving comes from renewable sources.

With a REGO certificate from **Ruby Energy** you can:

• Share your renewable credentials with customers.

• Strengthen sustainability reports.

• Build trust with eco-conscious partners.

Want to power your business with 100% renewable energy and a REGO certificate to back it up?

Speak to Ruby today.
