

A Year of Growth and Achievement at Smart Choice Training Academy

Swipe To See Our
Highlights

Expanded Training Portfolio

We introduced new courses across critical technical areas, ensuring our learners gain the latest skills and knowledge demanded in today's evolving energy sector.

More Learners, More Impact

We welcomed a record number of learners in 2025, reflecting **growing trust** in our training courses and the value they bring to individuals and the industry alike.

Strengthened Industry Partnerships

This year, we formed new strategic partnerships with industry-leading energy suppliers, enhancing the quality, relevance, and reach of our training while creating even greater opportunities for our learners.

Enhanced Facilities,

Enhanced Capability

Our upgraded and expanded facilities mean more learners can train simultaneously in safe, realistic environments, with hands-on access to tools and equipment that mirror real-world conditions.

Building & Competence & Confidence

With improved resources and expert trainers, our learners leave fully equipped—not just with skills, but with the confidence to apply them effectively in the field.

Commitment to Excellence

At Smart Choice Training Academy, our mission remains clear: to deliver practical, industry-ready training that drives professional growth and operational excellence.

Thank you!

We thank **all** our learners, trainers, and partners for a remarkable year and look forward to continuing this journey of growth and achievement in **2026**.
